

SHAKESPEARE IN VENICE SUMMER SCHOOL

The Shylock Project

Fondazione Giorgio Cini
Venice, 18 July – 29 July 2016

The second edition of an intensive two-week course of study exploring the text and contexts of Shakespeare's *The Merchant of Venice*. A rich program of lectures and creative workshops by leading scholars, actors, directors and musicians held in the beautiful Island of San Giorgio Maggiore will be complemented by excursions to the Jewish Ghetto and other Venetian sites. This unique full-immersion experience will culminate in the attendance of the first production of *The Merchant of Venice* ever to be staged in the Jewish Ghetto, in the year of its quincentennial (1516-2016).
