

THE VITTORE BRANCA CENTER RESIDENCE

Inaugurated in June 2010, the Vittore Branca Center Residence is located in the heart of the park on San Giorgio Maggiore. It was conceived for international scholars interested in living medium to long periods of study in Venice, working in the Fondazione Giorgio Cini Libraries.

The Residence has a campus structure, with common spaces (living room, music room, fitness room, terrace) and a laundry.

Every room is equipped with private restrooms and a small kitchen corner with a sink, a refrigerator and a microwave/grill oven.

Bed linens and towels are provided by the Fondazione Giorgio Cini and the cleaning lady changes them once a week, when cleaning up the room.

Every room features a telephone that can be used to receive calls and to make toll-free calls.

Each guest has a temporary Wi-Fi Internet access.

Each guest shall bring his/her laptop.

There is no TV in the Residence.

Considering it is a place of study, we kindly ask guests not to make noises during the night, in order not to disturb other residents.

Lastly, for security reasons, all residents are required to wear their yellow badge all the time, in order to be easily recognized.

The Fondazione Giorgio Cini asks, when possible, to plan arrival on a working day and during office hours, 8.30 – 17.00, in order to ensure the best welcome to the Residence.

Our Master of Campus, Carlo Nichetto, is at disposal to provide guests with orientation and suggestions, Monday to Friday: campus@cini.it / +39 041 2710205.
